

Schedule of Energy PhD seminar (AY 2017/2018)

NOVEMBER	
22.11.2017	Tatiana Bondarenko (advisor: Prof. Alexei Cheremisin) - <i>High Pressure Ramped Temperature Oxidation and Pyrolysis Study of Bazhenov Oil Shale</i> Abstract
29.11.2017	Timur Sayfutdinov (advisor: Prof. Janusz Bialek) - <i>Energy Storage Systems for Multiple Power System Applications: Technology Selection and Sizing</i> Abstract
DECEMBER	
06.12.2017	Nikita Stroev (advisor: Prof. Artem Myasnikov) - <i>Review of current results obtained in the computational study of hydrocarbons phase and transport properties in nanoporous structures</i> Abstract
20.12.2017	Victor Nachev (advisor: Prof. Artem Myasnikov) - <i>Development of an Integrated Model of Fracture Propagation in Unconventional Reservoirs at Microscale</i> Abstract
JANUARY	
24.01.2018	Daria Sergeeva (advisor: Prof. Vladimir Istomin) - <i>Thermodynamics of Gas Hydrates</i> Abstract
