

## Energy Colloquium

# Creating Successful Startups – Experience and Support of Skolkovo Energy Cluster

**Nikolay Grachev & Oleg Pertsovskiy**

**Executive Director**

**Operations Director**

**Energy Efficiency Cluster, Skolkovo Foundation**

**17 May 2016, 16:00**

**Skolkovo Innovation Center**

**Technopark, Building 3, Room 403**

### **ABSTRACT:**

The key issues to be addressed by anyone who would like to start his own business in the field of energy and industrial high tech will be discussed – the technology, the market, the team, the business model and some typical mistakes made by the entrepreneurs in these field. Also the instruments of support from Skolkovo Foundation in developing new technologies by startups will be described, i.e. tax benefits, grant support, acceleration and mentoring programs as well as the technological priorities of Energy Efficiency Cluster divided into 3 broad directions – Oil&gas, Power generation, transmission and energy storage, Demand side energy efficiency in Communal sector and Energy intensive industries. Finally some examples of the successful companies – residents of the Cluster will be given.

**Non-Skoltech attendees should request access to the building in advance by sending their passport details to [energy.colloquium@skoltech.ru](mailto:energy.colloquium@skoltech.ru)**

**Colloquium schedule and information on how to get to the colloquium can be found at <http://www.skoltech.ru/en/energy-colloquium/>**
